

What is myUHN Patient Portal?

myUHN Patient Portal is a secure website for patients of University Health Network (UHN). The website lets you see your appointments and results from all UHN sites as soon as they're ready. With myUHN, you can access your personal health record anywhere, anytime on a computer, smartphone or tablet.

What will I see in myUHN Patient Portal?

With myUHN, you can:

- See your UHN appointments and receive appointment reminders
- See your UHN lab results dating back to 2008
- See your UHN notes and test results dating back to May 1, 2015
- Find links to education resources, medical dictionaries and other helpful websites
- Share your health information with others

How do I sign up for myUHN Patient Portal?

With myUHN, you can:

- Ask for a myUHN registration code when you check-in at your next appointment
- Show your government-issued photo ID, such as your health (OHIP) card, driver's license, or other provincial health card
- Go to myUHN.ca and click on "Register Now." Follow the instructions to create your account.
- For more information, contact myUHN support at 416-340-3777 or myUHN@uhn.ca

Don't want to sign up for myUHN Patient Portal, but still want to see your health record information? No problem. Contact your health care team. You can also contact Health Record Services at 416-946-4501 ex. 4711 or healthrecordservices@uhn.ca.
