

Reading

Find, understand, and use information presented through words, symbols and images.

Communication

Receive, understand, consider, and share information and ideas through speaking, listening, and interacting with others.

Writing

Share information using written words, symbols and images.

Collaboration

Contribute and support others to achieve a common goal.

Numeracy

Find, understand, use, and report mathematical information presented through words, numbers, symbols, and graphics.

Adaptability

Achieve or adjust goals and behaviours when expected or unexpected change occurs, by planning, staying focused, persisting, and overcoming setbacks.

Digital

Use digital technology and tools to find, manage, apply, create and share information and content.

Creativity and Innovation

Imagine, develop, express, encourage, and apply ideas in ways that are different, unexpected, or challenge existing methods and norms.

Problem Solving

Identify, analyze, propose solutions, and make decisions to address issues; monitor success; and learn from the experience.

Skills for Success are the key to help you achieve your goals.
